

## FACIAL TREATMENTS

### **European Deep Pore Cleansing Facial \$150 APPROX: 50 MIN.**

Includes cleansing, skin analysis, exfoliation, steaming, extraction of blackheads, facial massage to relax you and stimulate your skin and facial muscles, a mask targeted to your skin type (dry, oily, combination, sensitive, mature) and an application of protective creams.

### **Microdermabrasion \$150 APPROX: 30 MIN.**

Microdermabrasion is a results-oriented, skin-revitalizing treatment that helps repair skin that is damaged from the sun, scars, acne and the unwanted effects of aging. Our medical microdermabrasion machine uses gentle abrasion with suction to remove (or peel) the dead, outer layer of skin in order to stimulate and reveal new healthy skin underneath.

### **Dermaplaning \$250**

Helps to "refinish" the skin through a method of controlled surgical scraping. The treatment gives the skin a smoother appearance. Dermaplaning is most often used to improve the look of facial skin by smoothing out small imperfections, textural irregularities and wrinkles. When performed prior to other treatments, Dermaplaning can remove the "peach fuzz" which can trap excess dirt and oil. Make-up will go on much smoother. It is non-invasive and helps make other skin care treatments more effective.

### **Skin Refining Chemical Peel \$225**

The new generation of chemical peels with exclusive LHA Technology (Lipo-Hydroxy-Acid) provides precise and even cell-by-cell exfoliation. Our peel treats superficial skin imperfections such as: dull skin, uneven complexion, roughness, skin texture and surface irregularities, the appearance of fine lines, wrinkles and pigment spots.

### **Revitalizing Anti-Aging Facial \$200 APPROX: 50 MIN.**

Truly luminous skin is unveiled with this treatment using the finest collagen masks to promote repair and plump fine lines by boosting collagen levels, leaving the skin with a satin finish while restoring its healthy glow.

### **Anti-Acne Facial \$250 APPROX: 50 MIN.**

An intense treatment using acne fighting ingredients to penetrate the skin and stabilize oil production, this facial will combat acne without dryness or irritation while unclogging the pores and allowing for thorough extractions.

### **Men's Urban Cleanse Facial \$200 APPROX: 50 MIN.**

Specifically designed for men, this ideal treatment consists of a deep cleansing facial to decongest the skin and eliminate blocked pores, accelerate skin repair and neutralize impurities for a clearer complexion. Our revolutionary procedure reduces sensitivity and soothes sensitive skin due to razor irritation with an anti-ingrown hair exfoliation treatment.

### **Teen Facial \$150 APPROX: 50 MIN.**

This facial, designed exclusively for teens, combines the great results of our Anti-Acne facial with education on how to take care of your teens specific skin care needs and what products to use.
